

# Regional SI4CARE Event

 19.4.2023

Social Innovation for integrated health CARE of ageing population in ADRION Regions - SI4CARE

**Project SI4CARE:** *The project supports the diffusion of social innovation in integrated healthcare services for the elderly population living in remote areas of the Adriatic-Ionian area, through the activation of a joint collaboration network among the stakeholders of the countries and regions involved and using innovative approaches tested and validated by an ICT decision support system.*

**The event:** *With the event, we want to encourage an active, strategic approach to social development in the field of active and healthy ageing and investing in it. We want to contribute to the realization of the goal of raising the quality of life in our society, look to the future, look for possible partnerships to find synergies in the field of integrated long-term care with the desire to activate as many interested stakeholders as possible.*

*The event in Ljubljana is taking place under the honorary patronage of the President of the Republic of Slovenia dr. Nataša Pirc Musar.*

**Venue:** *Mestni muzej Ljubljana (Ljubljana City Museum), Gosposka ulica 15, Ljubljana*

**Organized by:** *University of Ljubljana*

**Contacts:** *darja.semrov@fgg.uni-lj.si, simon.colnar@ef.uni-lj.si*
